Sir:

Pursuant to 37 C.F.R. §§ 1.56, 1.97 and 1.99, Applicant brings to the attention of the Examiner the references identified on the attached Form PTO/SB/08a+b which the Examiner may consider to be material to examination of the subject application.

In accordance with 37 CFR §1.98, as amended, no copies of any cited issued patents or pending applications are enclosed. English translations are provided of foreign applications, except where indicated. Applicant respectfully requests that the Examiner consider the cited references and evidence that consideration by making appropriate notations on the attached form.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the cited documents constitute "prior art". Applicant reserves the right to present to the Patent and Trademark Office relevant facts and law regarding the appropriate status of such documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the cited references, should one or more of the references be applied against the claims of the present application.

As this submission is being made prior to the first Office Action on the merits, it is believed that no fees are due in connection herewith. If there are any additional fees due in connection with the filing of this paper that have not been accounted for in this paper or in the accompanying papers, please charge the fees to Deposit Account No. 13-3735. If an extension of time under 37 C.F.R. §1.136 is required for the filing of this paper and is not accounted for in this paper or the accompanying papers, such an extension is requested and the fee (or any underpayment thereof) should also be charged to the Deposit Account. A duplicate copy of this page is enclosed for that purpose.
